### The Estate

Fattoria di Basciano is the estate owned by the Masi family since the beginning of 1900. It is located right in the heart of the Chianti Rufina area, on the top of a hill overlooking the Argomena valley on one side, and the right bank of the Sieve river on the other. The vineyards are at an elevation of 300 meters above sea level, lying on a very stony soil, locally known as “Galestro.” The microclimate is ideal for the ripening of the grapes. It is dry and breezy, marked by scarcity of rain and a remarkable range of night and day temperatures in summertime. The extension of the property is of 70 Ha, divided in 30 Ha of vineyard, 20 Ha of olive trees, and 20 Ha of forest. In the last 15 years the ownership has been engaged in a program of research for the highest quality. These efforts lead us to invest consistently, by planting new vineyards and building a new winery for the vinification and the ageing in barrel of the wine.

### Wine Making

Paolo Masi uses Sangiovese grapes to craft this fresh, lively and tasty sweet Rosé wine. It is produced in very small quantities. The grape must is left in contact with the skins for a few hours and then fermentation is arrested naturally by cooling the temperature when the alcohol has reached 6-7% by vol. and the residual sugars are around 10%.

### Tasting Notes

Pale pink in color with intense fruity aromas. Rich and complex on the palate. Initial sweet taste is balanced by a delicate frizzante. Perfect to pair with all types of desserts and sweets for celebrations and special occasions!
