explore all things wine

“Scents of orange blossom and honeysuckle mingle with intimations of lychee and overripe Persian melon. The feel is seductively creamy as well as glossy. Luscious melon juiciness and nougat-like confectionary nuttiness, backed by prominent sweetness, also benefit from complementary bright citricity. The finish, while unapologetically sweet, is mouthwateringly salt-tinged, managing a measure of refreshment and proving remarkably transparent to stony mineral nuances.”
