

HB Wine Merchants presents wines from: **Domaine Fredavelle**

FRANCE

Domaine Fredavelle Pet Nat

Vin de France natural sparkling wine

Brand Highlights

- Premium wine grown from vineyards in Côteaux d'Aix-en-Provence, the 2nd largest appellation in this famous wine growing region in Southern France
- Certified organically grown grapes
- Made with 100% Grenache grapes the Pet Nat 2023 is the first natural sparkling wine to be produced by the Domaine Fredavelle winery

The Estate

Domaine Fredavelle is a family run vineyard managed by business partners David Ravel and Olivia Menigoz. Located in the heart of Provence in Southern France, the vineyards span 23 hectares in the famous AOP area of Côteaux d'Aix-en-Provence in the small village of Eguilles. The climate is Mediterranean with long, dry summers and a mistral wind that blows down the Rhône. The name Fredavelle is the name of the land where David built the first structure for vinification. David and Olivia's vision is to restructure the vineyards—replace very old vines, plant new grape varieties, increase production area and invest in upgrading production equipment to conform to organic practices. Already HVE certified, the winery is undergoing a conversion to organic farming that will be fully realized in 2022 with the introduction of their 2021 vintage wines.

Wine Making

Made from 100% Grenache grapes that are harvested at dawn in order to keep the grapes fresh and to avoid oxidation. The grapes enjoy direct pressing and fermentation at low temperatures (12°C), stopped halfway by the cold and encapsulated to trap the gas in the bottle. The ancestral method is deployed, a unique fermentation that continues in the bottle.

Tasting Notes

You'll be blown away by this explosive and utterly spectacular nose of juicy raspberry. On the palate, there is fresh minerality with well controlled acidity. The fine bubbles bring lightness and a lingering fruity and mouthwatering character. Instant gratification guaranteed!
