

HB Wine Merchants presents wines from: **Domaine Girault**

FRANCE

Domaine Girault Sancerre Rosé

AOP Sancerre

Brand Highlights

- 100% Pinot Noir
- 100% Sustainable farming techniques used at the Estate
- Grown from 50-70 year old vines planted in a mix of clay and clay-limestone soils

The Estate

Known as the garden of France, this long valley stretches East and West and has different terroirs and microclimates along the way. This estate is approximately 35 years old. The Pinot Noir is grown from vines 50 to 70 years old, the soil is a mix of clay and clay-limestone. The estate also grows Sauvignon Blanc on a mixture of soils, 60% is Clay-Limestone while 40% is planted on pure Limestone. All of these 31 parcels are tended, harvested and vinified separately and the utmost care and respect for the environment is used in the growing process. The estate is located at the northern tip of the village of Bue just east of Sancerre.

The Rose is made from younger Pinot Noir vines 15-30 years of age on 100% clay-silica soils. These vineyards are high density plantings of about 8,000 vines per hectare and are sustainably farmed.

Wine Making

After being harvested in the morning hours, the grapes are sent to the winery and are immediately pressed to ensure maximum freshness. After a light pressing with minimal skin contact, the wine ferments in temperature controlled vats at a low temperature and is bottled in March. The wine is delicate and elegant with a beautiful style and finesse.

Tasting Notes

Pale pink in color with an expressive nose of fruit and rose flowers. On the palate, it is lively, fresh and presents a typical roundness of its very marked soil. It is an excellent complement to summer fare: garden grown asparagus, tomatoes and mixed green salads as
