The Estate

The region of Abruzzo is flanked by the coastal Adriatic Sea to the east and a high mountainous area to the west, including the Apennines. The sweeping landscape includes typical traditional inland old stone buildings, which inspired the brand name “Pietrame” as the Italian word for stone is “Pietra.” Wines from Pietrame are characterized by their strong character and decisive style typical for mountainous climates and soils. The four unoaked wines represent the four seasons: soft and fruity Montepulciano (spring), fresh and elegant Pinot Grigio (summer), intense and well-balanced Chardonnay (autumn), and special limited edition Pietrame Montepulciano aged for 12 months (winter). In Abruzzo, the first evidence of wine production dates back to pre-Roman times, with the pottery of the funerary objects that came to light in the monumental necropolises around L'Aquila. Our vineyards extend over an area of 2,500 hectares, from the hills of the coast to the slopes of the mountains, in a typically Mediterranean, temperate climate, with considerable temperature ranges which determine optimal conditions for the accumulation of aromatic substances in the bunches, giving rise with high quality grapes. Our production is concentrated exclusively on the typical and native vines of the area, traditionally cultivated with pergolas, with a vocation for experimentation in the field and in the cellar.

Wine Making

Grapes are harvested in late August and vinification includes cryomaceration of the pressed grapes at 5-8°C with soft pressing and fermentation at controlled temperatures. The wine is refined in stainless steel tanks for three months.

Tasting Notes

Pale yellow in color, this is a fresh and fruity Pinot Grigio, with gorgeous notes of exotic fruits on the nose followed by an elegant floral perfume at the end. A classic Pinot Grigio that is full-bodied and well structured with good persistence and balance.
